Dear Sir:

In response to the Election Restriction Requirement received from the U.S. Patent and Trademark Office mailed June-18, 2003, Applicant responds as follows:

**REMARKS**

The Examiner indicated the following restriction is required under 35 U.S.C. §121:

I. Claims 32-38 and 40-55, drawn to a mobile sorting module, classified in Class 198, subclass 380.

II. Claim 39, drawn to a programmable controller for a sorting module, classified in Class 700, subclass 223.

Applicant hereby traverses the Examiner's restriction requirement for Claim 39. Applicant believes Claim 39 merely recites additional limitations to the "mobile installation platform" recited in Claim 38. Specifically, Claim 39 recites further limitations for the "electrical control cupboard" recited in Claim 38. Therefore, Applicant respectfully submits Claim 39 should be included with the invention set forth in Group I.

However, to comply with requirements set forth in 37 CFR 1.143, Applicant elects to prosecute Claims 32-38 and 40-55 as set forth in Group I by the Examiner.

Although it is believed that no fee is due for the filing of this Response, the Commissioner is authorized to charge our Deposit Account No. 08-2789 for any additional fees or credit the account for any overpayments regarding this Response.

Respectfully submitted,
